

University of Bath Swimming

Introduction to the Programme:

Welcome to the University of Bath Swimming Team. You are interested in or joining a team that has produced swimmers who have competed successfully at the highest level whilst at the same time, gaining a degree from a world class university which prides itself on academic quality and supporting students successfully into employment upon graduation. The University programme has had swimmers medal at World University Games (second largest multisport event after the Olympics), European and Commonwealth Games and compete successfully at Olympic Games and World Championships.

The aim for our performance programme is to compete at senior national and international level, while balancing this with the successful completion of a degree and graduating university having had a great experience and being a rounded and well balanced person.

The average grade a swimmer from the performance programme comes out with is a 2:1 with honours, with an average of a 4% increase in performance over the 3 years. If you knew that now would you be happy? Is it possible to achieve more? Yes of course it is, that depends on you and how much you are willing to commit to your studies and swimming...

Our staff:

Mark Skimming – Head Coach since 2008. Has coached swimmers that have medalled at World University Games, Paralympics, Para World Championships, European Championships and Para European Championships, Commonwealth Games, and multiple national titles. Placed swimmers on Olympic and World Championship teams. In addition, swimming coach for Modern Pentathlon helping to achieve Olympic, World and European individual and team medals since 2007.

Dr Andrei Vorontsov – Assistant Coach since 2017. Former coach at Swedish National Centre 2012 - 2016, coaching multiple Olympic, World, European champions and medallists and record holders. Former Russian Head Coach 2008-2012 overseeing team success at European, World and Olympic level. Previous appointments working within British Swimming and English swimming coaching swimmers to international junior and senior success and mentoring coaches.

Martin Mosey – Assistant coach since 2015. With over 30 years of experience coaching and in swimming development. Working with GB junior and Youth teams over many years, including coaching over 20 individuals to GB junior level.

Barry Edwards and Joni Anderson – Physiotherapists with extensive swimming and multisport experience, with specialities that include core stability, postural correction and joint and soft tissue manual therapy.

George Studd – Strength and Conditioning coach – former professional rugby player. A special interest in working in a multi-faceted team to improve performance.

1. Athletes Achieving Times:

- a. First year athletes will be offered a place on the team by achieving the qualifying times from 1st March 2017 until 1st September 2018 (see table below)
- b. Returning athletes will be offered a place on the team based on achievement of times in the in the table, previous year's attendance, attitude.
- c. The Head coach reserves the right to accept full time athletes who are not students if they achieve the qualifying times in the table below.

2. Athletes Not Achieving Qualification Times:

Where there is space available squads will be filled on the below criteria:

- a. Times closest to the qualifying times in the period 1st March 2017 until 1st September 2018
- b. Swimmers who show commitment and talent to meet the qualification times in the next 12 months

3. Para athletes

Para Swimmers in classes S7 to S14 will be considered for a place in the programme based on:

- a. Their ability to train within an able bodied squad
- b. A British Disability Points score at least 800 in a Paralympic event between 1st March 2017 and 1st September 2018

4. General Conditions:

All selection are subject to available places on the team and where necessary will be prioritised at the discretion of the Head Coach in conjunction with the coaching team.

The Team is made up of 2 squads:

Performance Squad 12 places all Olympic events

Competition Squad 16 places all events.

In order to participate in the above squads, athletes must agree to the following requirements outlined below:

- a. Understand that being a part of the team is a privilege and not a right
- b. Take responsibility for your own athletic development and performance, academic commitments and performance lifestyle
- c. Fully support and contribute to the University of Bath Swimming programme
- d. Make the required commitment to the appropriate squad
- e. Always challenge yourself to be positive and continually raise your game
- f. To be a valued member of the swimming team

Failure to meet any of the above conditions may result in a swimmer being asked to leave the programme.

The Head Coach reserves the right to allocate people places on the team to athletes who will contribute to the positive environment outlined above and will contribute to the overall goals of the programme

University Performance Squad:

The programme is underpinned through support from the University in the provision of facilities and resources to provide;

- 10 swimming sessions per week from highly motivated coaches with International experience,
- 2 Gym sessions per week with S&C coach
- 1 Core Session per week led by Physio,
- 3 x pre pool sessions per week that are physio led
- 1.5 hours per week of Physio clinic between the group members aimed at prehab.

There will be racing throughout the year: BUCS Championships long and short course, 2 x International meets (outside UK), open meets in UK with targeted meets in December, April and the end of July

Training Fee:

Each performance squad member will contribute £400 per annum which includes gym and fitness centre membership

Expectations:

In order to achieve the squad aim of being able to compete at Senior National and International level, consistency is the key. The expectations of each squad member towards this aim is;

- 80% attendance at training as a minimum
- Attendance at all meets identified by the coach
- Effective communication between the swimmer and the coaches
- Commitment to complete the year based in Bath- September to the summer meet

University Competition Squad:

The programme is underpinned through support from the University in the provision of facilities and resources to provide;

- 9 swimming sessions per week from a coach with International experience,
- 2 Gym sessions per week, 1 with S&C coach,
- 1 core session per week led by physio,
- 30 minutes physio clinic per week between the group members aimed at prehab.

There will be racing throughout the year: BUCS Championships Short and Long Course, open meets in the UK with targeted Meets in December, April and end of July

Training fee:

Each University squad member will contribute £350 per annum which includes gym and fitness centre membership

Expectations:

In order to achieve the squad aim of being able to compete at Senior National level, consistency is the key. The expectations of each squad member towards this aim is;

- 70% attendance at training
- Attendance at BUCS Championships and other open meets identified by the coach
- Effective communication between the swimmer and the coaches

University Rec Squad:

The programme is underpinned through support from the University in the provision of facilities and resources to provide;

- 6 swimming sessions per week (mainly lunch times)
- All the sessions are coached by volunteers, with a lead from the Head Coach
- Racing opportunities throughout the year at various levels
- Ability to move up squads if dedication and talent are shown
- £30 for club membership and training access through the year
- Train as often as you like when you can make it

Useful information:

Applying: The University of Bath is a highly ranked academic University, which requires a strong grade profile in order to be considered. We are not able to reduce grades for you, and we would not want to. In order for you to achieve both academically and within swimming you need to be able to strive for success and not be placed in a situation where you may struggle. You will need to apply through UCAS for your chosen course. Once you have completed that please email me to let me know you have applied providing your UCAS number. This will enable me to enquire with central admissions at Bath to your progress. All applications are managed through central admissions, so you should communicate with them directly about any information you may require with the process.

Offers: once you have submitted your application you will have to wait for an offer from the University. There can be a wait for this whilst all applications are processed but you will receive notifications from central admissions on the process and likely timeframes. Once you have been made an offer it is your choice to make between the universities you have applied for.

Things to consider:

While I would like to say come to Bath, as it is the best thing for you. I would suggest you think about several things, to make sure the whole environment is right for you:

- Is the degree programme the right course for you?
- Does the course interest you and provide you with the things you want to graduate University with?
- Is Bath the place you would like to live?
- Do you like the atmosphere of the University, City, and Swimming Team?
- Do you have a good feel for the swimming at the University?
- Can you see yourself working with the coaches, enjoying the swimming and succeeding in your swimming?

Accommodation:

Bath does not offer any specific swimming team accommodation. I would suggest you request a quiet room on campus when you book your accommodation. If on campus, this means you are a maximum of a 10 minute slow walk away from the pool. Make sure once you have your University offer you know when accommodation booking is opened, so you can submit your request early. These can go very FAST so be organised.

As students may not have accommodation until arrivals weekend, we ask for you to train with your home club prior to arriving in Fresher's week and you arrive in reasonable condition for training. The swimming programme runs from September until August each year, during holidays your accommodation is yours to stay in, first years can extend their stay in campus accommodation until the summer championships. Therefore swimmers can stay and consistently train without having to chop and change programmes through the year. I would advise you to start to look for accommodation for your second year around end of November beginning of December, in order to secure your preference of accommodation, who you live with is your choice. You can arrange some accommodation contracts to start in July, which obviously you pay through the summer, but it means you have a house to leave things in over the summer. In the second year we will commence training from the start of September, which you will be expected to attend.

Travelling to campus:

In your second year once you live off campus or if you are off campus in your first year, you will need to get to campus for morning training. The U1 Bus runs a 24 hour service in term times, therefore when thinking about accommodation being on this bus route will be very helpful. Other ways to arrive at campus are walking, cycling, some people have scooters or motorbikes and a few have cars. While students are not allowed cars on campus if you are an international athlete on funding we can access a very small number of car park passes between the swimmers, to allow people to get to campus.

Additional Costs to training fees:

ASA registration: we encourage you to stay a member of your home club and swim for them in the Arena league, therefore you will need to register with Bath for the ASA, but not pay anything. If you resign from your home club and we are your longest serving club you will be required to pay ASA fees.

University Swimming Club Membership: £30 to be part of the club payable through SU Sport

BUCS Fee: £50.00 pays for entries in BUCS competitions, travel to all BUCS competitions, subsidises accommodation at BUCS competitions payable through SU Sport

Competition fees: you pay your own entries and accommodation at open meets and nationals

Kit: I would ask all new swimmers buy T-shirt, hoodie, swim hats as a minimum, with other kit being available and may become compulsory in the future.

Scholarships:

I would encourage all swimmers of a British Championship level to apply for a scholarship each year.

<http://www.teambath.com/t-d/scholarships/>

There is a University of Bath Scholarship Panel that decides on the scholarships annually from all the applications across all sports.

Please read the sports scholarship information sheet.

If you have any questions regarding this letter or have any more questions, I would encourage you to email myself, I will be happy to answer any questions.

Kind Regards

Mark Skimming
