

# Our Clean Sport Commitment

## Clean Sport Commitment Statement

---

**All sporting participants have the right to compete in Clean Sport.**

**The University of Bath adopts the UK Anti-Doping (UKAD) and World Anti-Doping Agency (WADA) position that cheating, including doping, in sport is fundamentally contrary to the spirit of sport, undermining the otherwise positive impact of sport on society.**

**To this end the University of Bath commits to support Clean Sport in the UK in the following ways:**

- The University of Bath supports the mission of UK Anti-Doping and WADA in achieving Clean Sport.
- All athletes are expected to play, train and compete in line with the spirit of sport, including the Anti-Doping rules.
- All coaches and athlete support personnel are expected to perform their role in line with the spirit of sport, including the Anti-Doping rules.
- The University of Bath is committed to supporting the prevention of doping behaviour in the UK in collaboration with other sporting bodies
- Employed and associated 'staff' will not condone, assist or in any way support the use of prohibited substances and methods (unless permitted by a Therapeutic Use Exemption) in any aspects of their work.
- Breaches of this, or any rules/policies referred to in the University of Bath's own code of practice/conduct will be acted upon accordingly.
- All employed and associated staff will be expected to contact UK Anti-Doping should they become aware of an athlete or NGB member using or considering the usage of a prohibited substance or prohibited method. This contact should be done in confidence on the dedicated confidential Report Doping in Sport line.
- The University of Bath will uphold any sanctions placed upon an athlete by UK Anti-Doping or other associated body in accordance with the World Anti-Doping Code.

## How we support Clean Sport

---

The University of Bath is committed to supporting, promoting and implementing the Clean Sport policies of UK Anti-Doping and WADA.

Like millions of people around the world, we feel passionately about sport. We believe as passionately that for sport to be fair, athletes must be clean. Athletes who take prohibited drugs are cheats.

All athletes have a responsibility to themselves and to their sports to train and compete clean. It is only then that we can truly say that they are inspiring future generations.

Clean Sport isn't just about athletes competing at elite level. Cheating runs contrary to the fundamental spirit of sport and challenges its very ethos at all levels.

There is no substitute for hard work and determination, nor for the satisfaction of success achieved honestly and fairly.

***Stephen Baddeley, Director of Sport  
University of Bath***
