Student Performance

The student performance tennis programme at Bath offers members the opportunity to develop their tennis whilst studying at one of the UK's top universities. We are in the world's top 10 for sports degrees.

We also offer a **Foundation Degree** option alongside top-class undergraduate and postgraduate degrees across a range of subjects.

Our Breakthrough Programme is designed to support players who want to succeed at sport and in their studies. Scholarships are available to players who have shown potential to do well academically and athletically.

Our Student Performance Sport Programmes for those competing at the highest level of British Universities and Colleges Sport (BUCS), are underpinned by expert support services including high-quality coaching, physiotherapy, sports psychology, sports massage and strength and conditioning. We regularly challenge for top University honours.

These programmes are fully integrated with the Team Bath Tennis International High-Performance Academy. We also offer options to gain qualifications in coaching, as we are a Coach Education Centre, and many other strands of the tennis industry, providing student network and career opportunities.

Facilities

Our tennis programme is based at the £35 million Team Bath Sports Training Village and facilities include:

- 8 indoor and 8 outdoor tennis courts
- A large, well-equipped gym spread across three floors
- Student Performance Gym
